**CITY OF BURKESVILLE, KENTUCKY
NET PROFITS LICENSE FEE RETURN INSTRUCTIONS**

The City of Burkesville Net Profit License Fee is levied at the annual rate of 2 percent of the net profits of all occupations, trades, professions or other businesses engaged in said activities in the City. The fee is levied against a partnership, or association as a business entity; therefore, the individual partners or members are not required to file a return on their distributive share of the profits. The Burkesville Tax Form No. 1 to be filed by all subject businesses (businesses having some receipts and/or payroll within the city limits of Burkesville) must be based on the net income as reported to the Federal Government; therefore, basis used (i.e. cash or accrual) must be consistent for both Federal Income Tax and Burkesville License Fee Returns. The Burkesville Tax Form No. 1 must be filed before April 15, if taxpayer is on a calendar year, or 135 days after either the end of the fiscal year, sale, liquidation or transfer. Checks or money orders should be made payable to the City of Burkesville. The instructions below facilitate the computation of the Net Profits License Fee. Please read them.

BASIS OF LICENSE FEE

In computing the amount due, the taxpayer begins with gross income as shown by the Federal Income Tax Return less deductions as determined by the Federal Return. Deduction for general business expenses will be allowed to the extent recognized and approved as such in determining Federal Income Tax, but without deduction of state or local taxes based on income. All expenses connected with the acquisition or carrying of securities, the income from which is not subject under the ordinance, is not deductible.

Below in the column to the left is the type of business conducted; to the right is the Federal Income Tax Form on which the Burkesville Tax Form No. 1 must be based.

SCHEDULE B

The computation of License Fee provides for the adjustment of income as shown by your Federal Income Tax Return to the provisions of the Burkesville License Fee Ordinance.

Schedule B is provided for the taxpayer to add (Lines A-E) items which are subject to the License Fee. Most of these appear as a part of the deductions taken on the Federal Return; therefore, they must be added back on Line 4 of Burkesville Tax Form No. 1. Lines G-K of Schedule B provide for the deduction of items not subject to the License Fee. Many of these items are taxable for Federal Income Tax purposes so they must be deducted on Line 6. Listed below are instructions for each type taxpayer.

INDIVIDUAL PROPRIETORSHIPS:

Lines C, D, G, H, and I are not applicable as they do not appear on Federal Form 1040, Schedule C. Lines A and B are for the addition of State and local taxes based upon income and License Fee under this ordinance if either appears as a part of Line 2.

Include in Line E, and itemize on a schedule, other business income not included in total business receipts on the Federal Schedule C.

PARTNERSHIPS, ASSOCIATIONS, ETC:

Net operating loss deductions (Line C) do not appear on a Federal Partnership Return, therefore, Line C is not applicable. Line D- All payments to partners deducted on Federal Form 1065 must be entered here and a schedule attached.

CORPORATIONS:

Line D is not applicable.
Net income from federal form 1120 should be adjusted by the items listed on Schedule B.
Net income on the Federal Return must be adjusted to eliminate any net operating loss carry-overs.

SCHEDULE C

Schedule C must be completed by taxpayers with business receipts 1 and/or payroll 2, both within and without the city limits of Burkesville. Completion of the schedule allocates to Burkesville the proportionate part of the taxpayer's total business activity attributable to Burkesville. However, if one of the two factors (business receipts or payroll factor) is missing the remaining factor is the Average or Business Allocation Percentage (Line 4 of Schedule C). A factor (business receipts or payroll) is not missing merely because the expenditures of the licensee for payroll, or gross receipts, are found to be situated either entirely within or without the City of Burkesville.

1. "Business Receipts" means the sum total of gross receipts from sales plus gross credits or charges for work done or services performed.

2. "Payroll" means total wages, salaries and other employee's personal service compensation.
